### Ramblings from your Editor

Hello Circlefellas, April is here and so is this month's issue of the *Circulator*. There should be a few things in here to interest you. One item of note : The set up for the library show is supposed to be this Saturday. Unfortunately, the maintenance guy won't be available. We will still be putting up the artifacts going in the glass case, so you need to be there and bring your potential display models. The boss has info elsewhere in the newsletter to fill you in on how we will proceed with the rest of the show. I'm certain we will also hear about it in exhaustive detail during the meeting, if you get the picture.

Did you check out the issue of *Model Aviation* that just arrived this week? What do ya know? There's a pretty detailed article about the changes pertaining to control line scale rules that are coming down the lines this year. Take a look. With Jim Fruit giving us the low down last month in person, and this extra shot of info in MA, there should be no excuses for not knowing the rules inside and out. You also have time to read the actual rules a few dozen times before the upcoming contest. We need the contest events to come off smooth to up our street cred in the scale community around the Midwest, and hopefully attract a few more entrants. This could be a real break out year for us, with scale being on the rise again.

To wrap up the newsletter this month, There's another round of pictures from the last meeting. Besides helping you remember what we had going on, this allows the slackers who choose not to attend, to see all the fun stuff they are missing and be overcome with guilt so they are with us next time.

The final installment for this season's Name That Plane is also in this issue. I know for a fact that a couple of you guys knew the right answer last month and didn't turn it in for a chance at a fabulous prize.

I received an e-mail from Geri MacArthur, it seems as though there is a new registration form from the EAA for Kidventure this year. I'll bring a printed version to the meeting, the e-mail version doesn't download very well.

That's all I have for you, if you want more, send in an article.

See you Saturday and Happy Easter greetings to you and your families.

Howard

**CIRCLE MASTERS FLYING CLUB**  
***MEETING MINUTES for MARCH 2015***

The monthly meeting of the Circle Masters Flying Club for March 2015 was held at the Sussex Library on Saturday the 7<sup>th</sup>. The meeting followed an instructional presentation conducted by noted Scale competitor, Mr. Jim Fruit. Jim graciously passed on his knowledge and experience regarding scale models and scale model judging.

The meeting was brought to order by Pres. Greg at 1:20 PM. He began the meeting by inquiring if all members had received the newsletter and had read the minutes of the February meeting. All members present (12), indicated that they had received the newsletter and read the minutes. No errors were detected so the minutes stood as published.

The Treasurers report was given by Ralph who outlined the current financial status of the club. A motion to accept this report was made and seconded.

**REPORTS & ANNOUNCEMENTS:** Jason reported that he had prepared a letter that was sent to the Sussex Park Board detailing the clubs request to name the flying field in honor of Dan Tetzlaff. He will follow this up at the next Park Board meeting to see if it is approved. Wayne reported that the 2015 Charter and insurance requests have been approved by the AMA. Don reported on the passing of lifetime member Bob Ponick. Don also took it upon himself to purchase a floral arrangement for him on behalf of the club.

**OLD BUSINESS:** The library display will begin on April 4<sup>th</sup> which is also the meeting day. Those members who will participate in this event should have signed in with Melissa as what they will bring. Set up will begin at sometime in the morning before the meeting. Melissa will contact those participating members via email.

**NEW BUSINESS:** Don explained that the annual Easter egg event for the Sussex and Lisbon communities is scheduled for March 28<sup>th</sup> from 1 to 2:30.

The club usually participates in this community event. Greg volunteered to assist Don.

\*\*\*

Since there was no more business to discuss Greg called for a motion to adjourn the meeting. The motion was made and seconded. The meeting was adjourned at 2:02 PM.

\*\*\*

**SHOW & TELL:** There was no show and tell this month.

## The VP's Corner

**And now for the ...."Exhaustive Details"....Please bring all your display items to the meeting room at 11 am meeting day, both planes to hang and items for boards and showcase. I would like some of you more local fellas to be there to assist in rigging planes and helping the staff know how to best handle the planes. Time/day I'm shooting for is Monday the 6th, 8:30 to 10:30am. Anyone available would be appreciated and time/day will be confirmed at the meeting. We will again be able to leave the planes in a safe location until then. We will get everything else done Saturday. If you are bringing back an item we used last time, I have the signs for them, however if you are bringing a new item, please email me a description of the item which could include history of plane, flying accomplishments, fun facts, building info, what makes it unique or why did you decide to build it?**

**\*\*\*Questions or to confirm if we used the item last year, call/TXT me asap! \*\*\*  
262-751-3776.**

**We also have approval to have our "display open house" on the 18th of the month 1-3pm. So we will go over the plan for that day, included in preliminary plans....styro gliders! With Easter here, you should all be stocked up on egg cartons! Thanks in advance to all of you that have contributions to this effort...It's going to be wonderful! see you Saturday!**

## Name That Plane

This is an easy one, so all you get is this lousy picture to identify it.

# March Meeting Photos

*For this month, we have some photos of Jim Fruit's informative visit to our March meeting.*
